

THE TV WEATHERMAN SAYS A LOT OF HELPFUL THINGS. HE SAYS IT WILL BE HOT AND SUNNY. OR HE SAYS IT WILL BE COLD AND RAINY. WE MAY GET TWO INCHES OF RAIN OR THREE INCHES OF SNOW. THE TEMPERATURE TONIGHT WILL GO DOWN TO 2 DEGREES C. OR THE TEMPERATURE TOMORROW WILL BE 73 TEMPERATURE F. HE CAN GIVE US THE TIMES FOR THE SUNRISE AND SUNSET. THE BEACHES MAY HAVE EARLY MORNING FOG. THE MOUNTAINS MIGHT HAVE SNOW. THE WAVES AT THE BEACH WILL COULD BE HIGH. WE DON'T REALLY NEED FANCY TECHNOLOGY. IF WE WANT TO KNOW WHAT THE WEATHER IS LIKE WE CAN JUST LOOK OUT THE WINDOW.
